

Navigating Study Island at Home

1. Go to the website www.studyisland.com
2. Enter your username (first name_lastname.swsd) and password
3. Click **Submit**.
4. Click **My Class** in the left hand column. Class assignments will appear with a due date. If there are assignments for more than one teacher then the teachers' names will appear. Click on your teacher's name to see the assignments.
5. Select an assignment to complete by clicking on the title of the assignment. If you would like a review of the lesson topic, click **Lesson** next to the assignment title.
6. Click **Start Studying** (found in the upper right hand corner) to begin the assignment.
7. Click **Test Mode**. (The number of questions must be set at **10**.) Please do not decrease or increase or the number of questions. An assignment will be considered **incomplete** if a student answers less than 10 questions.
8. Click **Next**.
9. Click **End Study Session** when you are finished.
10. If a blue ribbon appears next to the lesson title then the assignment is complete. Select **Return to Main** to begin a new assignment. If you do not receive a blue ribbon then choose **Play Again** to repeat the assignment.

Note:

An assignment is not considered complete until you have earned a blue ribbon (minimum 76% correct). The blue ribbon symbol will appear next to the lesson title.

Additional Practice:

Students may choose to review and practice topics from previous grade levels. Log onto Study Island. Click **PA Programs** in the left hand column. Select a grade level. Click on either **Math (New)** or **Reading (New)** and select a topic that you would like to practice.
